These compounds have been used for the treatment of the most difficult cases of skin disease, and have been found to be the most effective. They are sold by all druggists.

What is the Use
of any one paying a high price for an article when the same thing can be had for a low price, and at the same time in good quality, and (better in some cases) at the highest price? The answer is, that the article is not what it is represented to be.

Why Females Suffer in Health.
THE MARRIED WOMAN'S Private Medical Companion.

By DR. A. M. MAURICIAU, Professor of Diseases of Women.
Our Standard Edition (the 100,000 issue), 25c. A standard work of established reputation, found in all the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal bookstores of the United States. Every woman can discover, by comparing her own symptoms with those described, the nature, character, and cause of her complaint, and be spared much suffering and expense by procuring the medicine in time, before the disease has become chronic.

These sufferings from obstructions or irregularities of the female system, and from the various diseases (falling of the womb) or from *leucorrhoea*, which find in its pages the means of prevention, amelioration, and relief.

Such distress of mind, as well as thousands of penitents, might be saved to every husband, if the simplest laws pertaining to the marriage state were better understood. That they are better understood is traceable to that natural and correct constitution of the female system, which is the subject of this work, and which is the subject of this work, and which is the subject of this work.

RAILROAD!

THIS GREAT WORK OF INTER-
 nal improvement (793 miles from Wheeling to Baltimore, and 663 to Washington) was opened to the public in 1875. It has since been improved, expanded and approved, both as a freight and passenger route. This road is located in a romantic country, and is centrally located, fully equipped and carefully managed, and is thus rendered an attractive as well as a safe line for the transportation of passengers to the Central Ohio Road, from Columbus to the Ohio river near Wheeling, and also great to the importance of the connection with the Erie and West, through Railroad connection with the entire West.

THE ONLY THROUGH TICKETS BETWEEN COLUMBIANA AND THE NATIONAL METROPOLIS are sold here, which direct to Washington and Baltimore without the delay of passing through Baltimore. It also runs free to the Potomac, and the Capital of Washington from the West. At Baltimore the road

superior cars of the B. & O. Railroad, which leave daily at 7 A. M., for Philadelphia, via New York (or Philadelphia) by close connection, and return there in 10 hours, inclining stops. For passengers, returning from the country, and for freight, comfort, this road is second to none in the Union. With its charges reduced, it affords the cheapest road in the United States; the company is prepared to do immense business in the transportation of freight, and is supplied with all modern appliances, and runs as those of any other first class line. The route also connects with the Pennsylvania Railroad, the streets of Baltimore with Philadelphia to Philadelphia and New York, through the Northern and Baltimore Steamship Company's line to Norfolk, and thence to Boston, steamers to Norfolk, Charleston, and Savannah.

For particulars see freight rates, copies of which are placed of each of the foregoing offices, or apply to
